

NOTICE
For Immediate Release
Update on the Lanark and District Community Centre – Municipal Arena
Posted on October 5, 2018

We are pleased to inform the public that the essential remedial work on the LDCC (Arena) will be completed by Tuesday, October 16th. Staff will be recommending to Council at their regular meeting on Tuesday, October 16th that the building be re-opened to the public starting **Wednesday, October 17th**. The ice surface, dressing rooms, lobby, canteen, and spectator stands will be open with a total building capacity limit of 400 people. The upstairs will remain closed.

In anticipation of the re-opening of the Arena, the Admin Assistant/Receptionist (AA/R), who is responsible for scheduling the use of the facility, will be contacting all 13 current user group organizers by phone over the upcoming long weekend to facilitate the scheduling of ice time. If any organizer has not made contact with the AA/R by Tuesday, October 9th, please contact her at (613) 259-2398 ext 221 or by email at lhreception@lanarkhighlands.ca. New groups or individuals who wish to book ice time may also contact the AA/R starting on Tuesday, October 9th.

Public skating times will be announced on this website, social media, and in the Lanark Era.

We thank all those who have worked to have the Arena re-opened as soon as possible and thank the public for their patience.

Information: Steven Potter, Acting Clerk Administrator
Township of Lanark Highlands
