E-Waste is made up of electrical and electronic products that are no longer wanted by their owners. 90% of Ontarians have unwanted electronic devices to dispose of.

Lanark Highlands collects E-Waste at all waste sites so it can be sorted and processed at approved facilities in Ontario and Quebec. In 2010 residents of Lanark Highlands recycled 13.4 tonnes of E-Waste through municipal waste sites; in 2013 E-Waste recycling increased by over 180% to 37.8 tonnes!

When you recycle E-Waste you support the development of Green Industry in Canada while reclaiming valuable resources and preserving local landfill space.

The following E-Waste is accepted at all waste sites. No tipping fees apply.
