2022 Budget - Lanark Highlands

## Budget 2022 Timeline

- The Township's annual budget is a continuous, year round process.
- New for 2022, the Budget timeline was moved forward compared to previous years to encourage the approval of the 2022 Budget as close to the start of the fiscal year as possible.
- This subtle, yet important change will enable departments to provide services and implement new projects in the new fiscal year without delay and most importantly for the benefit of our ratepayers.
- ▶ Staff took into consideration the Draft Asset Management Plan, the Draft Long term Financial (LTF) Plan, the Master Fire Plan and the Master Recreation Plan. Although the LTF is not approved it provided Committee and Staff with a guideline of reserve usage, reserve allocations to begin the process of addressing the shortfall in capital infrastructure replacement, rehabilitation, etc. The Draft Asset Management Plan provided priorities based on condition of assets to address in 2022.

#### **Public Comment and Consultation**

- As noted in August/September of 2021 the Township requested comment and consultation from the public in relation to the 2022 Budget. There were two (2) received as noted below:
- ▶ (1) Overall we are happy with how the budget is handled for Lanark Highlands. However, we are extremely concerned with the overgrowth and spread of wild parsnip. This year the ditches were cut far too late and in previous years also. It has now spread down roads we have never seen it in and worse yet it is in crop fields. Neglected fields are worse still. It is disappointing to see the County and neighbouring townships spray and mow for parsnip while Lanark Highlands is not. So, this would be our strongest priority for 2022, get the Wild Parsnip under control in Lanark Highlands.
- (2) Snye road is full of big holes again. Please include this in your budget. Hoping you will refill them before hunting season.

NO Additional comments have been received in relation to the Budget as of January 19, 2022.

#### **Budget 2022 Overview**

- ► Every year the Township of Lanark Highlands budget is established to provide a foundation for the Township to meet the service and infrastructure needs of its residents.
- ▶ The 2022 Operating Budget proposes a 4.56% (without policing) and 3.72% (with policing) increase over the 2021 budget. The Capital Budget proposes a 0.95% increase over the 2021 budget. Factoring in assessment growth from 2021 of 0.09% and new assessment from the 2021 roll of 0.4% for a total of 0.49% as provided by the Municipal Assessment Corporation (MPAC), the net levy increase for the 2022 consolidated budget is 5.02%. Without any new assessment or growth the levy increase is 5.51%.
- ► The Draft Operating Budget includes a decrease in policing costs of \$31,000 which results in a policing tax rate decrease of 0.92%.
- The overall Municipal tax rate change over 2021 inclusive of the policing tax rate is 3.87%.

Version 1 included a tax rate increase of 4.33%

Version 1 included a consolidated of 5.82% or 6.31% without any new or growth in assessment.

#### Budget 2022 Overview

- ► The 2022 budget maintains or improves the current levels of service, as well as providing for a responsible number of initiatives designed to improve the quality of lives and the sustainability of the Township's infrastructure.
- ► The 2022 budget does consider changes for COVID-19, such as additional staffing at the arena.
- In addition to the Operating Budget the Township also creates a Capital Budget to plan for infrastructure costs related to Township infrastructure and other capital projects.

## What does this mean for the ratepayer?

► The Consolidated budget would have the below noted impact on ratepayers for the Municipal/Police portion only.

Year	Median Single Family Dwelling	Municpal Tax	Policing Tax	Total Municipal
2021	195,000	813.33	232.25	1,045.58
2022	195,000	853.83	230.11	1,083.93
Difference	0	40.50	-2.14	38.36

\$3.20/month Increase

Year	Median Single Family Dwelling Assessment	Municpal Tax	Policing Tax	Total Municipal Tax
2021	500,000	2,085.47	595.50	2,680.97
2022	500,000	2,189.31	590.02	2,779.32
Difference	0	103.84	-5.48	98.35

\$8.20/month Increase

#### What does this mean for the ratepayer?

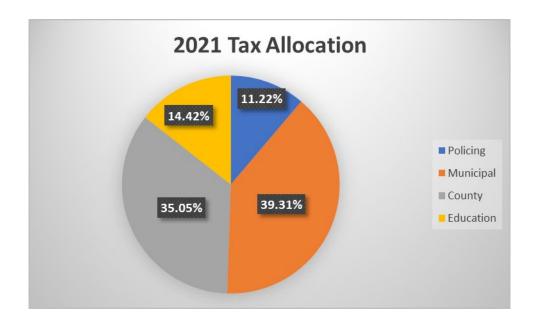

► The Consolidated budget would have the below noted impact on tax rates for the Municipal/Police portion only, not taking into consideration the County and School Board as their rates have not been provided for 2022.

	Residential	Policing	Total
2021	0.00417094	0.00119100	0.00536194
2022	0.00437861	0.00118003	0.00556966
Difference	0.00020767	-0.00001097	0.00020772
Percent			
Increase	4.98%	-0.92%	3.87%

## Where do my taxes go?

The below noted table shows the percentage of taxes that go to Municipal (Township), County and School Board for the 2021 year. Based off 2021 if a residential property had an assessed value of \$100,000 the tax payer would have paid \$1,061.17 which would be directed \$417.15 to Municipal, \$371.94 to County, \$119.06 to Policing and \$153.02 to the School Boards.

This will be further broken down on where the Municipal taxes are allocated in the presentation.

2022 Operating Budget

#### **2022 OPERATING BUDGET**

The 2022 Operating Budget includes a 4.56% (without policing) and 3.72% (with policing) increase over the 2021 budget. Factoring in assessment growth from 2021 of 0.09% and new assessment from the 2021 roll of 0.4% for a total of 0.49% as provided by the Municipal Assessment Corporation (MPAC), the net levy increase for the 2022 consolidated budget is 5.02%. The Operating Budget includes a decrease in policing costs of \$31,000 which results in a policing tax rate decrease of 0.92%. The overall Municipal tax rate change over 2021 inclusive of the policing levy is 3.87%.

#### What is an Operating Budget?

The Township creates an operating budget to plan for the day-to-day operations residents rely on, such as fire services, by-law, road, waste, parks maintenance, arena, building/planning and more. The budget includes costs for salaries, benefits, contracts, materials and supplies to provide those services. It is largely funded by tax dollars and user fees, such as charges for recreation programs, planning/building fees for example.

By law, Municipal governments are <u>not allowed</u> to have a deficit. This makes the annual budgeting process important to ensure services and initiatives are planned and carried out in a financially responsible way.

#### 2022 Consolidated Operating Budget

While more detailed schedules for the operating budget are provided at the departmental level, the Consolidate Budget provides a more aggregate overview of the Township's budget.

The 2022 Operating Budget proposes a \$167,232.50 or 4.56% levy increase without policing or proposes a \$136,208 or 3.72% levy increase with policing.

Total	7,002,351.60	6,737,017.00	265,334.60	3.94%	401

- Personnel expenditures has an increase of \$58,982 or 2.8% increase over the 2021 budget. Some of the changes over the 2021 Budget year include:
  - ▶ Missed employment costs in the 2021 Budget such as CPP, EI, Health, WSIB in some departments (\$29,903).
  - ▶ Incorrect (over) calculation of OMERS (\$26,800) In 2021.
  - ▶ Budgeted for 8 full-time Public Works Operators when actual numbers are 7 full-time Operators for an overbudget in 2021 (\$56,000).
  - ► There was no COLA adjustment taken into consideration for the unionized employees and the 2020 collective agreement rate was used. Therefore, there will be an allocation of COLA for the 2021 and 2022 year for unionized staff.
  - ▶ Staff who received successful performance appraisals will move a step on the pay grid (or 3% increase).
  - ▶ A Management position moved from NU Level 1 to NU Level 2.
  - Non-Unionized staff received 0.7% COLA in 2021 based on Statistics Canada October to October Ontario All Items (similar to that of Council). For 2022 the Statistics Canada October 2020 to October 2021 Ontario All-Items is 4.9%. Non-Unionized staff are not recommending 4.9% COLA but a 2.8% COLA to average a 1.75% increase for 2021 and 2022 (1.75-0.7+1.75=2.8) similar to what County of Lanark, Tay Valley and the Town of Perth employees received in 2021and 2022.
  - ▶ Council includes a 4.9% COLA based on the Statistics Canada October 2020 to October 2021 Ontario All-Items.
  - ▶ CPP increased from 5.45 to 5.7 contribution rates and the pensionable earnings increased from \$61,600 to \$64,900 and El earnings increased from \$56,300 to \$60,300. Health Benefits are estimated at a 20% increase as new figures have not been received to date.
  - ▶ Minimum wage increases in January 2022 from \$14.35 to \$15.00 per hour or 4.52%.

- Insurance costs increased \$23,000 over the 2021 year due the following notes from the Insurer:
  - Unfortunately, we are still in a "hard market" in insurance, which consists of increased premiums, reduced coverage, and fewer risks that insurers are able to write various class of business. A hard market is caused by a number of contributing factors that include falling investment rates, increases in claims and larger global losses. There are many factors impacting premiums such as higher award settlements; accelerating future care costs; claim Inflations this is running between 6% to 8% annually and the growing litigious society. As market condition continues to deteriorate, rates and deductibles are continuing to increase which is being driven due to restrictions to Insurers reinsurance capacity and risk appetite with Insurers hoping to regain profitability.
  - Additionally, the cyber threat landscape has dramatically changed over the past two years. Given the boom in digitalization, the re/insurance industry has seen a substantial pick-up in cyber losses, with far higher combined ratios in 2020 and 2021 than in previous year. According to the Canadian Underwriters articles, the global COVID-19 pandemic has accelerated digital transformation and increased systemic vulnerabilities, causing economic and insured losses from cyber to skyrocket. As a result, the demand for cyber re/insurance coverage has increased significantly, mainly because of a heightened and rising awareness of cyber risks.

- Escribe Software Used for Council Agendas, Minutes, Resolutions and Reports
  - Increase of \$7,200 because the initial year the software was funded through the Modernization Reserve as a trial to determine the effectiveness and efficiency of the software. This is an annual costs moving forward.
- Cemetery Expenses (Township Owned)
  - The Cemeteries owned by the Township do not have enough funds in their Care and Maintenance Accounts to fund the contractor to complete grass cutting. The Township has budgeted \$2,000 per year in Community Services for Township staff costs to cut the grass. Due to the lack of funds it is the Townships responsibility to take care of the Cemeteries and therefore are budgeting \$6,500 in Corporate (under the Clerks Department) to ensure these are cared for.
- Waste Site Contract
  - The waste site contract was approved by Council at the November 23, 2021 meeting with an increase of \$71,500 based on the contract and the anticipated tonnage of previous years for the items that are costed on a per tonnage basis.
- Brush Chipping at Waste Sites
  - An increase of \$10,000 to complete the brush chipping due to the several years of pile up that remains and current disposal.
- Recycling Processing
  - Increase of \$14,000 based on the previous two years of costs for recycling processing due to changes in the market.

- Weed Control
  - ▶ Increase of \$28,000 for staff to present a plan to Council on Weed Control.
- Fuel (Gas/Diesel)
  - Increase of \$16,000 based on the current market price of fuel and the anticipation that it will fluctuate throughout the year.

## 2022 Capital Budget

Final March 2022

#### Introduction / Overview

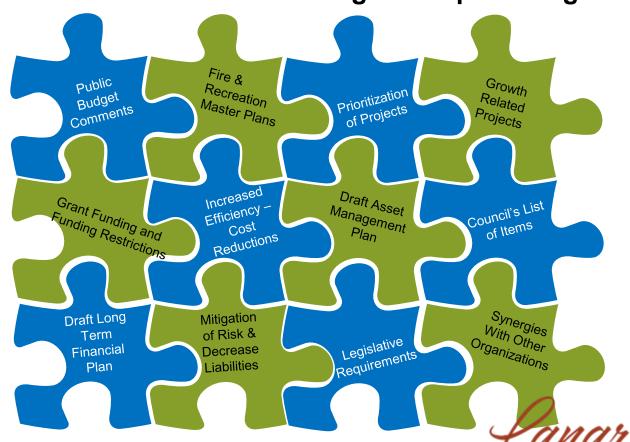

#### 2022 Budget Process

- Staff used the Draft Asset Management Plan and the Draft Long Term Financial Plan as a guideline for the preparation of the Capital Budget. Although not passed by Council, it outlines the importance and the need for the Township to replace/rehabilitate the current assets and the funding required to do so.
- ➤ The Capital Budget does not incorporate payment of debentures in 2022 as the first payment will be in 2023, but there are funds of \$250,000 being transferred to Roads Reserves again in 2022.
- The proposed use of reserves for the Station 3 Fire Hall is recommended at this time until the time the building is built and Township staff can receive borrowing rates to make a sounds financial decision at that time.

### 2022 Capital Budget

#### **Revenue Assumptions**

- Canada Community-Building Fund (FGT)
  - 2022 amount confirmed \$169,000
  - 2021 was a double up of this fund in the amount of \$332,044
- OCIF grant revenue
  - \$105,000 which is increased over 2021 by \$55,000

## 2022 Capital Budget

#### Revenue Assumptions – con't

- Recommended Budget allocations
  - That the Long Term Financial Plan includes a continued Capital Levy increase to accommodate the Asset Management Plan and ensure that Capital Assets are replaced/rehabilitated to reduce maintenance/repair costs.

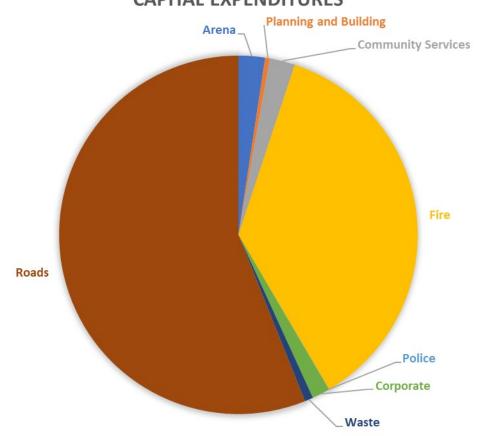

#### Subdivider Contributions

Potential for funding through Development Charges for growth within the Township (Ex. Purchase of an excavator to complete brushing rather than sub contracting it out could be funded by DC Charges) – An option is to complete a study to service growth in the Township

New boards - Current boards are chipped and unsafe to users	\$ 21,000.00	Current boards are chipped and broken with large holes in them. This creates a hazard to users as the edges of the broken boards are sharp and clothing can be caught on them.		21,000						21,000
Heaters - Current heaters are unsafe as they are leaking after repeatedly being fixed	\$ 26,000.00	Current heaters are unsafe for use for long periods of time. The heaters have been fixed numerous times over the years however they still leak and cause our CO detectors to go off if they are on for longer than a couple hours.		26,000						26,000
Level Ice Zamboni Accessory	\$ 20,000.00	Arena Attendants are hired on a seasonal basis and are paid minimum wage due to the collective agreement, because of this staff are often inexperienced when operating the Townships zamboni. This accessory will allow all levels of staff expertise to flood the ice with the same results, an even surface with no dips or hills.		20,000						20,000
Event Tables & Chairs - 200 chairs & 50 tables	\$ 10,000.00	Having event tables and chairs to offer user groups for various events throughout every season would be extremely useful to the community. Last summer when vaccination clinics were hosted at the arena staff had to borrow tables and chairs from the Town of Perth.	10,000							10,000
