We support the Highlands North Network's (HNN) mission to promote social health and well-being for adults 55+ in rural and remote Lanark Highlands.

The HNN Seniors Active Living Centre Program helps fund supplies and equipment for activities and events at Robertson Lake Hall, easing the burden on volunteers and ensuring seniors in South Lavant stay socially connected.

A Short History of the Robertson Lake Hall

Robertson Lake Hall is a one-story facility built in the early 2000s by community-minded volunteers. It serves as the primary venue for social gatherings in the hamlet of Lavant and surrounding South Lavant.

With its wraparound porch, pickleball court, and prime location beside a sandy beach on beautiful, spring-fed Robertson Lake, it's especially popular during the summer. Many families rent the hall for memorable get-togethers.

Situated in a sparsely populated part of the township, the hall is a vital year-round venue. In winter, it provides residents a comfy space for indoor activities like euchre, community meals, and other social gatherings.
